

Custom Anti-Fatigue Mats

Applications.

If you've ever worked at a assembly line or any production floor, you know how tired your feet and legs get.

Increase your productivity by providing comfort for you and your workers with custom anti-fatigue comfort mats. Essential where workers stand to help ease leg, foot, and lower back fatigue and pain.

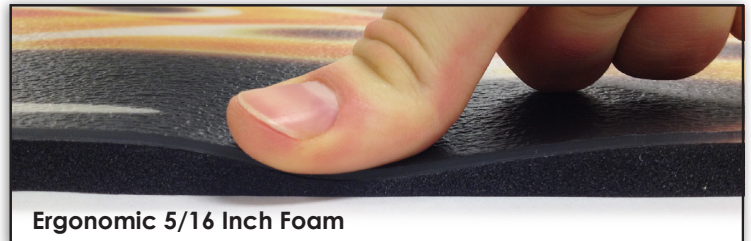

Use anti fatigue mats in any industrial, commercial, office, retail, laboratory, pharmaceutical environment.

Advantages.

- Ergonomic 5/16th inch specialized anti-fatigue foam with 0.1 inch thick textured vinyl surface for superior traction.
- Vinyl has custom second surface printing that never wears, keeping your artwork looking new for a long time, even after a deep clean.
- Custom sizes to fit your needs.
